OBJECTIVES

Front-end developer with 2 years of experience in creating responsive and dynamic web applications. Adept at problem-solving, team collaboration, and effective communication. Highly detail-oriented, adaptable, and committed to delivering user-friendly and accessible designs. Seeking a full-time front-end engineering role to apply technical expertise and contribute to innovative, scalable, and user-centric digital solutions.

SKILLS & TECHNOLOGIES

Primary: JavaScript, React, CSS, HTML, Web APIs, User Interface, Wordpress, MySQL.

Exposure: User Experience, Ant Design, Bootstrap, Consuming APIs, Git, Slack, Postman, Jira, Zeplin, Figma.

PROFESSIONAL EXPERIENCE

Birbals Inc. | *Front-End Developer*

June 2023 - July 2024

Created and maintained web interfaces using HTML and CSS for various projects.

In Will We Trust: Developed frontend components using HTML and CSS.

DSET Public School: Designed and implemented all pages using HTML and CSS.

Radio Zindagi: Modified WordPress features and created a Ganesh Utsav page.

Birbals: Re-designed and developed pages using HTML and CSS.

Plutonic Services | *Front-End Developer*

August 2021 - April 2023

It's a service based company. And here built user interfaces with React.js, JavaScript, and CSS across multiple client projects.

ERP System:

This project has several modules including HR, Employee Management, Account & Leave Management.

Crunch Munch & Freyr Foods:

Both are e-commerce sites developed in ReactJS and Ant Design. Both have more than 5 modules including authentication.

NIX HRMS:

We have created this project from scratch in React Js and Ant Design components. It consumes backend APIs to show dynamic data. This web application helps companies to create and run in-house ERP systems.

PERSONAL WORK

OmniFood | [code](#) : This is a static website for a food restaurant implemented in plain HTML & CSS.

Pexel clone | [code](#) : Developed this app using react js and fetching the data from API.

Shopee | [code](#) : Developed this app using react js and used redux for state management.
